Consent Agreement and Final Order in the Matter of
MRC Holding, Docket No. TSCA-05-2015-0020

Dear Mr. Turner:

I have enclosed a copy of an original fully executed Consent Agreement and Final Order in resolution of the above case. This document was filed on August 25, 2014 with the Regional Hearing Clerk.

The civil penalty in the amount of \$46,325 is to be paid in the manner described in paragraphs 27 and 28. Please be certain that the docket number is written on both the transmittal letter and on the check. Payment is due by September 24, 2014 (within 30 calendar days of the filing date).

Thank you for your cooperation in resolving this matter.

Sincerely,

Tony Martez

Consent Agreement and Final Order

Preliminary Statement

REGIONAL HEARING CLERK
USEPA
REGION 5

1. This is an administrative action commenced and concluded under Section 16(a) of the Toxic Substances Control Act (TSCA), 15 U.S.C. § 2615(a), and the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules) as codified at 40 C.F.R. Part 22.

2. The Complainant is the Director of the Land and Chemicals Division, U. S. Environmental Protection Agency, Region 5.

3. Respondent is MRC Holdings, Inc., a corporation organized under the laws of the State of Delaware.

4. Where the parties agree to settle one or more causes of action before the filing of a complaint, the administrative action may be commenced and concluded simultaneously by the issuance of a consent agreement and final order (CAFO). 40 C.F.R. § 22.13(b).

5. The parties agree that settling this action without the filing of a Complaint or the adjudication of any issue of fact or law is in their interest and in the public interest.

6. Respondent consents to the assessment of the civil penalty specified in this CAFO, and to the terms of this CAFO.

Jurisdiction and Waiver of Right to Hearing

7. Respondent admits the jurisdictional allegations in this CAFO and neither admits nor denies the factual allegations in this CAFO.

8. Respondent waives its right to request a hearing as provided at 40 C.F.R. § 22.15(c), any right to contest the allegations in this CAFO and its right to appeal this CAFO.

Statutory and Regulatory Background

9. The Polychlorinated Biphenyls (PCB) Disposal and Marking regulations were lawfully promulgated pursuant to Section 6(e)(1) of TSCA, 15 U.S.C. § 2605(e)(1), on February 17, 1978 (43 Federal Register [Fed. Reg.] 7150). The PCB Manufacturing, Processing, Distribution in Commerce and Use regulations (the PCB Rule) were lawfully promulgated on May 31, 1979 (44 Fed. Reg. 31514) and incorporated the disposal and marking regulations. The PCB rule was subsequently amended and partially re-codified at 40 C.F.R. Part 761.

10. The PCB Rule at 40 C.F.R. § 761.1(b)(1) states, in part, that the regulations at 40 C.F.R. Part 761 apply to all persons who manufacture, process, distribute in commerce, use, or dispose of PCBs or PCB Items.

11. The PCB rule at 40 C.F.R. § 761.2(a) states that oil filled electrical equipment manufactured before July 2, 1979, where PCB concentration is not established, is assumed to contain PCBs at a concentration greater than or equal to 50 ppm, but less than 500 ppm.

General Allegations

12. Respondent is a "person" as defined at 40 C.F.R. § 761.3 and is subject to the prohibitions set forth at 40 C.F.R. Part 761.

13. Respondent is the owner and operator of the facility at 10 Cut Street, Alton, Illinois ("Facility").

14. On August 12, 2011, an EPA representative inspected the Facility ("EPA inspection").

Specific Allegations

15. Pursuant to the EPA inspection, it was determined that 8 out-of-service, large, Inerteen name-plated capacitors ("the Capacitors") were stored at the Facility.

16. The Capacitors were leaking and a sample collected from the ground next to the Capacitors contained 95,000 ppm PCB.

17. The discovery of 95,000 ppm PCBs released from the leaking Capacitors constitutes improper disposal of PCBs in violation of 40 C.F.R. § 761.60(a), and Section 15 of TSCA, 15 U.S.C. § 2614, which require that PCBs greater or equal to 50 ppm be disposed of in an incinerator or high efficiency boiler.

18. The Capacitors were stored in an area of the Facility without adequate roof, walls, and continuous floor and curbing.

19. Respondent's failure to properly store the Capacitors by storing them in an area of the Facility without adequate roof, walls, and continuous floor and curbing, constitutes a violation of 40 C.F.R. § 761.65(b)(2), and Section 15 of TSCA, 15 U.S.C. § 2614, which require that PCB items be properly stored.

20. The area of the Facility where the Capacitors were stored was not marked with an M_L label.

21. Respondent's failure to properly mark a PCB storage area constitutes a violation of the regulation at 40 C.F.R. § 761.40(a)(10), and Section 15 of TSCA, 15 U.S.C. § 2614, which require that PCB storage areas be marked with the M_L label.

22. The Capacitors were not marked with the M_L label.

23. Respondent's failure to properly mark the Capacitors constitutes a violation of the regulation at 40 C.F.R. § 761.40(a)(5), and Section 15 of TSCA, 15 U.S.C. § 2614, which require that PCB large capacitors be marked with the M_L label.

24. The Capacitors were not marked with the date placed in storage.

25. Respondent's failure to properly mark the Capacitors with the date placed in storage constitutes a violation of the regulation at 40 C.F.R. § 761.65(c)(8), and Section 15 of TSCA, 15 U.S.C. § 2614, which require that PCB items be dated on the item when they are removed from service.

Civil Penalty

26. In determining the appropriate civil penalty amount in this matter, Complainant considered Section 16(a) of TSCA, 15 U.S.C. § 2615(a), and the "Polychlorinated Biphenyl (PCB) Penalty Policy, United States Environmental Protection Agency: April 9, 1990". Complainant has determined that an appropriate civil penalty to settle this action is \$46,325. In determining the penalty amount, Complainant considered the nature, circumstances, extent and gravity of the violations, and Respondent's ability to pay, effect on ability to continue to do business, any history of such prior violations, the degree of culpability, and took note of factors which included Respondent's return to compliance, ultimate proper disposal of its PCB-containing equipment, and good faith and cooperation in resolving the case.

27. Respondent agrees to pay a \$46,325 civil penalty for the TSCA violations alleged herein, within 30 days after the effective date of this CAFO, by sending a cashier's or certified check, payable to "Treasurer, United States of America," to:

U.S. EPA
Fines and Penalties
Cincinnati Finance Center
P.O. Box 979077
St. Louis, Missouri 63197-9000

For checks sent by express mail (non-U.S. Postal Service which won't deliver mail to P.O. Boxes), Respondent must send the check to:

U.S. Bank
Government Lockbox 979077
U.S. EPA Fines and Penalties
1005 Convention Plaza
Mail Station SL-MO-C2-GL
St. Louis, Missouri 63101

The check must note Respondent's name, docket number of this CAFO and the billing document number.

28. Respondent must also send a notice of payment that states Respondent's name, complete address, the amount paid, the case docket number and the billing document number, to EPA at the following addresses when it pays the penalty (a copy of the check bearing this information would suffice):

Regional Hearing Clerk (E-19J)
U.S. Environmental Protection Agency, Region 5
77 West Jackson Blvd
Chicago, Illinois 60604

Kendall Moore (LC-8J)
Pesticides and Toxics Compliance Section
U.S. Environmental Protection Agency, Region 5
77 West Jackson Blvd
Chicago, Illinois 60604

Andre Daugavietis (C-14J)
Office of Regional Counsel
U.S. Environmental Protection Agency, Region 5
77 West Jackson Blvd
Chicago, Illinois 60604

29. This civil penalty is not deductible for federal tax purposes.

30. If Respondent does not pay timely the civil penalty, EPA may request the Attorney General of the United States to bring an action to collect any unpaid portion of the penalty with interest, nonpayment penalties and the United States enforcement expenses for the collection action, under Section 16(a) of TSCA, 15 U.S.C. § 2615(a). The validity, amount and appropriateness of the civil penalty are not reviewable in a collection action.

31. Pursuant to 31 C.F.R. § 901.9, Respondent must pay the following on any amount overdue under this CAFO. Interest will accrue on any amount overdue from the date the payment was due at a rate established pursuant to 31 U.S.C. § 3717. Respondent must pay a \$15 handling charge each month that any portion of the penalty is more than 30 days past due. In addition, Respondent must pay a 6 percent per year penalty on any principal amount 90 days past due.

General Provisions

32. This CAFO resolves only Respondent's liability for federal civil penalties for the violations alleged in the CAFO.

33. This CAFO does not affect the rights of EPA or the United States to pursue appropriate injunctive or other equitable relief or criminal sanctions for any violations of law.

34. This CAFO does not affect Respondent's responsibility to comply with the PCB Rule and other applicable federal, state and local laws.

35. Respondent certifies that it is now complying with the PCB Rule at the Facility.

36. The terms of this CAFO bind Respondent, and its successors and assigns.

37. Each person signing this agreement certifies that he or she has the authority to sign for the party whom he or she represents and to bind that party to its terms.

38. Each party agrees to bear its own costs and attorneys fees in this action.

39. This CAFO constitutes the entire agreement between the parties.
